Academy Overview

Academy Fundamentals

The Boutique Experience.

Created to define a new era of educational opportunities, Atelier Academy has developed an experience that offers small class sizes (no more than 6 in any starting class) and a tailored learning environment with advanced techniques.

Mission Defines Talent.

*Fostering a creative, professional learning environment
for world-class beauty industry services.*

Founded with Integrity.

William Anderson, an advocate of continual advanced education, sought an experience over the past decade that would allow students to learn in the way they relate to best right from the very beginning of their instructional training. With Anderson's 30+ years of salon experience, an industry visionary for new talent development and a pivotal leader, the investment in creating an academy was brought to light in 2015.

The Atelier Academy is the essence of a practical salon environment and an intelligent interactive space that allows both learning and the foundational confidence of an upscale salon. The vision and space has beckoned national artists to visit the academy for both student (non-licensed) and advanced (licensed) artist education.

Admission

Admission Requirements

Admission is a simple process for each course. To begin admission, the following steps would take place:

1. Submit a completed enrollment application and application fee; In the enrollment application a high school transcript with graduation date or a copy of your General Education Diploma (GED) transcript with completion date should be included. If a student is currently enrolled in high school and is in good standing with the school, they may attend courses at Atelier Academy. (Note: If homeschooled, provide evidence of completion of homeschooling that state law treats as a home or private school. If the state issues a credential for homeschooling, provide evidence of that credential).
2. Meet with Admissions Representative to create an educational plan for admission upon application acceptance.
3. Fill out an enrollment contract with The Atelier Academy Admissions.

To schedule an informational interview, call 952-283-2770 for The Atelier Academy Admissions team or text 952-818-7002.

Validating Documentation

All students need to provide documentation listed above prior to signing the enrollment contract. If The Atelier Academy has any reason to believe that any of the documentation listed above is not valid, the academy will request the official document from the respective institutions.

The student will be required to pay any fees necessary to obtain the official document. The official document must be presented to the admissions office in a sealed envelope with the institution logo from the institution where the student received the transcript or official document.

If the student attended a high school outside the United States, verification of the student's high school diploma must be performed by an outside agency that is qualified to translate documents into English and confirm the academic equivalence to a United States high school diploma. The student will be responsible for paying the fee for this service and the equivalent transcript must be notarized. If the institute has reason to believe that the high school transcript was not obtained from an entity that provides secondary school education, The Atelier Academy of Beauty will check with the department of education in the country in which the high school is located.

Exceptions to the above stated policy include the following:

- 1) If the student informs the admissions representative that his or her high school cannot locate the student's transcript, and the admissions representative has contacted the high school and confirmed that the student has graduated or received a GED, the admissions representative will request written documentation from the high school to validate high school graduation.

2) If a student received their GED through the military or a correctional facility the admissions representative will review the official documentation and validate that it meets high school graduation requirements.

Transfer Hours

To transfer hours from another academy, the student must provide The Atelier Academy of Beauty with a copy of his or her transcript and state sheet(s). The academy will conduct an assessment to determine whether to accept the hours and how many hours to accept.

With regard to Satisfactory Academic Progress at other institutions, a student's transfer hours will be counted as both attempted and earned hours for the purpose of determining when the allowable maximum time frame has been exhausted.

30 Minutes will be scheduled for course completion paperwork after you have completed all coursework and testing to complete the required course hours.

Start Dates and end dates for the following programs are determined at the time of enrollment since each student has customized scheduling*. These include:

**Nail Program
Instructor's License
Continuing Education Courses**

*** Customized scheduling means that the student could start on any day as long as the academy can support the proposed education dates requested by the student. Each student schedule is based on the amount of time required by the program and their availability. For example, an instructor course is 38 hours. The student may only offer availability of one day per week for only 6 hours. If the academy can accommodate staffing for that one student, it would allow that student to be at school for 7 weeks since they would only be able to offer 6 hours per week. The start and end dates would be customized to the student's availability. Another example is that the online continuing education courses are only 8 hours. Our academy offers online continuing education 24/7 as long as the student completes the 8 hours of coursework in a 14 day period of time. That means if a student starts on Sunday the 1st of the month at 6am, the course would be completed on Sunday the 14th of the month at 5:59am. We are proud to offer students millions of customized scheduling options available to them based on our staffing.**

If one should be unable to pay for the tuition within the 5 business days (Monday-Friday) of tuition default, the student's education is suspended until further payments are made.

An education suspension will be up to 7 class days of non-attendance. If a payment is received within the 7 days of education suspension, the student may resume their schedule the following scheduled day after a payment is received. If no payment has been made within that time, all education will be halted and the student's enrollment is terminated.

Termination is considered a serious form of withdrawal from the Cosmetology program. If a student wishes to re-register at The Atelier, all monies will need to be paid including the outstanding tuition payment, a \$50 tuition default payment and re-registration fee.

If the student is able to re-register before 30 days have lapsed from the first day of education suspension, the fee is \$50. If over 30 days have lapsed, the re-registration fee is \$100 or 15% of the tuition left will be paid to The Atelier, whichever is less.

All tuition and fees must be paid for in-full before the student will receive their diploma and transcript of hours completed.

Personal Service Fees

Students requesting personal services that are not a part of a classroom requirement or clinic floor activity will have service fees charged.

Overtime Fees

Students are required to attend the scheduled hours agreed upon at the time of their enrollment. In the event that a student must clock hours beyond their contracted date of completion due to unscheduled absences and/or tardiness, they will be subject to the following:

- An additional fee of \$10 per hour will be charged for each hour clocked post contracted date of completion
 - For example, if an additional 70 hours are clocked in one calendar month, the student will be charged \$700.
 - If the enrollment agreement agreed upon states a variance to this policy, the enrollment agreement will be enforced.

Application Fee

Students are required to submit a \$50 application fee when completing an admission application.

Registration Fee

Students are required to pay a registration fee of \$100 or 15% of tuition, whichever is less, when completing an enrollment agreement.

Refund Policy “Buyer’s Right to Cancel”

Application, Tuition and Registration Fees

If your application is rejected, you will receive a full refund of all tuition, fees and other charges. You will be entitled to a full refund of tuition, fees, and other charges if you give notice that you are cancelling your contract within five business days after the contract or enrollment agreement is considered effective. A contract or enrollment agreement will be presumed to effective on the date that the institution notifies you that you have been accepted into the institution and you have signed the contract or enrollment agreement. If the notification of acceptance into the institution is sent by mail, then the effective day of being accepted is the postmark of the acceptance letter.

This five-day refund policy applies regardless of when the program starts. If you give notice more than five days after you signed the contract, but before the start of the program (or first lesson for an online distance education program), you will receive a full refund of all tuition, fees, and other charges minus 15%, up to \$50, of the total cost of the program. You will be provided a prorated tuition, fees, and other charges refund minus a 25%, up to \$100 administrative fee if you give notice of your withdrawal after your program has begun, but before 75% program has completed. If you withdraw from your program after 75% of the program has completed, you are not entitled to a refund of tuition, fees and other charges. If your program is 40 hours or less and you withdrew from your program, your refund will be pro-rated by the number of hours attended

and the length of the program. To receive a full refund of tuition, fees and other charges, you must withdraw from your program before the scheduled start day of the program.

You will receive written notice acknowledging your withdraw request within 10 business days after receipt of the notice and you will receive a refund of any tuition, fees, and other charges within 30 business days of receipt of your withdrawal. Written notice is effective of the date of the postmark if sent by mail or the day it has been hand-delivered to the institution. IF you do not withdraw in writing or contact the institution about your absence, and you have not attended your program for 21 consecutive days, you will be considered to have withdrawn from the school as of your last date of attendance.

In the case of disabling illness or injury, death in the student's immediate family or other documented mitigating circumstances, a reasonable and fair refund settlement will be made. Students who withdraw or terminate prior to course completion are charged a cancellation or administrative fee of 15% of the total cost of the program but not to exceed \$50.

You may be entitled to a refund of your equipment and supplies costs if you return your equipment and supplies within 10 days of withdrawing if your supplies are in condition suitable for resale. If you do not return your equipment and supplies or the supplies are not in a condition suitable for resale, this cost will be deducted from your tuition, fee and other charge refund that you may be eligible for. Once your kit is opened, we do not consider it available for resale.

These tuition and fees refund notices are posted on the enrollment agreement.

Kit and Books Fees

course

Students are entitled to a refund of your equipment and supplies costs if you return your equipment and supplies within 10 days of withdrawing if your supplies are in a condition suitable for resale. If you do not return your equipment and supplies or the supplies are not in a condition of resale, this cost will deducted from your tuition, fees and other charge refund you may be eligible for.

Resale is determined if the item has been unopened, in the original packaging as a whole unit since our equipment is personal due to the sanitation procedures taken as a future licensee of the Minnesota State Board of Cosmetology. If a student has registered to their online learning courses associated with a book set, that account cannot be transferred to a future student since it is proprietary to the student and has an expiring access to that program not allowing that program to be transferred to another prospective student.

Mannequin heads that have been opened, even if they are washed or shampooed, they will be considered unable to refunded.

Veterans

If the student receives veteran's benefits for attendance in a state or federally approved course and fails to enter the course, withdraws or if the student is terminated at any time prior to completion, that student receives a refund of all tuition fees and other charges which exceed a pro rata portion of the total charges. The pro rata portion is determined by the ratio of the number of hours of instruction completed to the total number of instruction hours in the course, in accordance with 38 CFR § 21.4255. An established registration fee in an amount not to exceed \$10 need not be subject to proration. Where the established registration fee is more than \$10, the amount in excess is prorated. All books and supplies are issued on the first day of the program. They are considered the sole possession of the student as they are not reusable or given a refund once opened by the student.
